

Einige Hinweise

Oftmals weiß der Kunde nicht, welches System/ welche Plattform in seinem Fahrzeug verbaut wurde, was aber entscheidend für den Neukauf einer kompatiblen Navigations-CD ist.

Diese Übersicht soll Ihnen helfen, den Kunden kompetent zu beraten und ihm die richtige CD anzubieten.

Bitte beachten Sie insbesondere ab wann und bis wann ein bestimmtes System verbaut wurde, z.B. Audi Navigation Plus 2-DIN-RNS 4.X (TravelPilot DX) im Audi A3 von 12/1999 (Dezember 1999) bis 12/2003 (Dezember 2003).

Darüber hinaus empfiehlt es sich, bei nicht eingelegter CD, das System einzuschalten. Viele Geräte zeigen dann eine Erkennungshilfe an (z.B. „Es ist keine TravelPilot DX-CD eingelegt“), die Aufschluss darüber gibt, welche CD benötigt wird.

Letztendlich sollten Sie auch berücksichtigen, welche Hinweise die bereits verwendete Navigations-CD bietet, z.B. das Logo vom Navigationssystemhersteller (z.B. Clarion, VDO Dayton).

Zeichenerklärung

[...] Beginn der Verbauung nicht bekannt

→ Verbauung dauert an
